

LAUNCH OF

India Business & Biodiversity Initiative

Concurrent to India's Presidency of the Conference of Parties (COP) to the UN Convention on Biological Diversity (CBD), Indian companies have joined hands to address the critical issue of biodiversity loss under a national initiative. The India Business & Biodiversity Initiative (IBBI) will serve as a national platform of business and its stakeholders for dialogue sharing and learning, ultimately leading to mainstreaming sustainable management of biological diversity into businesses. IBBI's vision is to sensitize, guide and mentor Indian business organizations in biodiversity conservation and sustainable use related to their operations, across their value chain and beyond towards conservation of India's biodiversity.

Chair of IBBI, Mr. R. Mukundan, Managing Director, Tata Chemicals

On invitation by the Indian Ministry of Environment & Forests (MoEF), Government of India, the Confederation of Indian Industry (CII) is hosting IBBI with the support of Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ). The initiative was launched on the occasion of the International Day for Biological Diversity on May 22, 2014, at WWF-India Secretariat, Lodi Estate, New Delhi, India. The Programme also followed the official launch of the IBBI logo and website. Link: <http://businessbiodiversity.in/index.php>

Indo-German Biodiversity Programme supports IBBI under its project, 'Incentives for Sustainable Management of Biodiversity and Ecosystem Services (ISBM)', which is commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ).

IBBI Declaration

The members of the India Business & Biodiversity Initiative (IBBI) acknowledge the objectives of the Convention on Biological Diversity (CBD).

On behalf of my organisation, we shall endeavour to take action in some of the following areas:

1. mapping biodiversity interfaces with business operations;
2. enhancing awareness on biodiversity within the organisation;
3. considering the impacts of business decisions on biodiversity;
4. setting objectives and targets for biodiversity management;
5. designating an individual within the organisation as biodiversity champion;
6. assessing biodiversity risks and opportunities;
7. including the applicable biodiversity aspects in the environmental management systems;
8. encouraging relevant stakeholders to support better biodiversity management;
9. engaging in policy advocacy and dialogue with Government, NGOs and academia on biodiversity concerns;
10. initiating the valuation of relevant biodiversity and eco-system services.
